

**Conrad Connect GmbH is searching for a Working Student (m/f/d) starting as soon as possible at our location in Berlin**

Conrad Connect is the central platform for IoT-projects within B2C and B2B. Conrad Connect links smart devices from different brands and digital services. The resulting ecosystem offers a variety of new possibilities for visualization and automation of processes within our daily lives. In cooperation with our partners, we develop new digital business models, based on the aggregation of different data sources. Are you ready to support us? As part of Conrad Electronic Group, we operate independently with the agility of a startup. We are working in a fast-paced environment, in R&D we are working e.g. with system monitoring (Influx & Grafana). Our speed of growing on a technical as well as on an entrepreneurial basis is enormous, therefore we are looking for you to support our team in Berlin as:

**Working Student (m/f/d)**

**These tasks are waiting for you:**

- Help integrating new devices and services into our system

**Who we are looking for:**

- Experience in JavaScript
- Experience in at least one Database Management System
- Experience in Browser Development Tools

**Working with Conrad Connect:**

As part of a dynamic and international team of internet affins you can expect to take on responsibility from day one. Sharing and implementing your own ideas, you'll work independently in an environment with flat hierarchies and contribute directly to our growth and success. You will be part of a startup environment, working in a modern office in the heart of Berlin. Besides free drinks & fruits, you will be having fun at regular team events that are part of our culture.

**Want to be part of the next big thing?** Send us your application today over this button. We'd love to hear from you!

**Conrad Connect GmbH**
